## Job Description & Person Specification

### Design and Technology Technician

#### Level B - Science/Design/Technology Technician

NJC Grade 3 (SCP 6 – 11), £19,698- £21,748 FTE (pro rata)

Full-time (36.66 hours per week), term time only plus 3 weeks

#### Purpose of Post

To provide support for the high-quality teaching within the Technology Department, through the preparation of materials and equipment for practical work and coursework, the maintenance of resources, and active support of teaching and learning in the classroom. To provide a safe working environment for pupils/students and other colleagues.

#### Reporting to

Head of Design Technology

#### Key Tasks and Duties

##### Classroom & Workshop Servicing

1. To ensure that all equipment required for DT and food technology is suitably maintained, stored safely and accessible including materials.
2. Prepare materials, equipment and tools required for demonstration and practical work/lessons.
3. Prepare mortar and maintain training mix to ensure it remains workable over time.
4. Cleaning and storage of all equipment and stock, keeping workshops, food technology, storage and preparation rooms and classrooms clean and tidy.
5. Carry out basic repairs and obtain estimates for more complex work.
6. Undertaking of safety checks to the required standard in line with deadlines.
7. Organise external safety checks and maintenance for equipment in line with deadlines.

##### Technical Support

1. Give practical demonstrations as required to pupils/students across the design technology curriculum e.g. engineering, construction etc., and supervise practical work/tests as required.
2. Under the guidance of the teacher, support individual or groups of pupils during practical aspects of the design and technology curriculum promoting the development of pupils' confidence. Give feedback on progress to the teacher as requested.
3. To work with the teaching staff to maintain and improve the effectiveness of practical lessons;
4. Support the effective use of ICT (and CNC where appropriate) in learning activities and develop pupils' confidence in its use and in CAD/ CAM curriculum options.
5. Supervise deliveries and maintain safe storage of materials within the department and storage areas e.g. brick, block and associated equipment/tools for construction located separate to the school, wood etc.
6. Act as the departmental 'expert user' for equipment and be able to train colleagues and students on safe and appropriate use.

# The Blue Coat School

## Job Description & Person Specification

7. Under the direction of the teacher/Head of Department, support students with extracurricular projects and lead and co-ordinate these activities including organising and attending out of school trips.
8. Provide guidance and support for the practical needs of the curriculum, including networking with other technicians within and outside the school and appropriate professional bodies.

### Health & Safety

1. Ensure safe storage and/or disposal of equipment, materials, chemicals, perishable foodstuffs and liquids, inflammables and waste materials in accordance with school procedures and legal regulations.
2. Ensure the promotion and monitoring of a safe working environment in work areas: includes risk assessments, reviewing safety procedures, and distributing safety information for pupils and colleagues using the workshops, classrooms and preparation/ storage rooms.
3. Support the Head of Department in reviewing the Health & Safety training programme for the department, assessing and making recommendations for future requirements.
4. Ensure remain up to date with Health & Safety regulations attending training as appropriate.
5. Ensure that revised / new regulations and compliance information is put into effect in the department.

### Administration

1. Maintain all relevant information and recording systems: training, cataloguing, filing, inventories, legal records
2. Posting of notices e.g. relating to Health and Safety or equipment/ appliance testing.
3. Order goods and services as appropriate in line with budget and in consultation with the Head of Department.
4. Receive and check deliveries and associated invoices. Notify the appropriate person of any discrepancies.
5. Recommend the purchase of specific items of equipment, researching costs, seeking value for money in consultation with the Head of Department.
6. Maintain the computer based inventory of all departmental apparatus and equipment for, food technology, engineering and construction.
7. Monitor and control an efficient stock control system for the Department.
8. Undertake related administrative tasks such as photocopying or assisting with display work as required.
9. Provide management information as required.

### Standard Duties

1. To understand the importance of inclusion, equality and diversity, both when working with pupils and with colleagues, and to promote equal opportunities for all.
2. To uphold and promote the values and the ethos of the school.
3. To implement and uphold all policies, procedures and codes of practice of the School, including data protection, health & safety and safeguarding/child protection.
4. To take a pro-active approach to health and safety, working with others in the school to minimise and mitigate potential hazards and risks, and actively contribute to the security of the school, e.g. challenging a stranger on the premises.
5. To participate and engage with workplace learning and development opportunities, subject to the school's training plan, working to continually improve own performance and that of the team/school.
6. To attend and participate in relevant meetings as appropriate.

# The Blue Coat School

## Job Description & Person Specification

7. To undertake any other additional duties commensurate with the grade of the post.
8. To undertake appropriate training and share skills and expertise with others as required.
9. To understand the importance of inclusion, equality and diversity, both when working with pupils and with colleagues, and to promote equal opportunities for all.

### Contacts

Pupils, staff, suppliers/contractors and visitors
